The Office of University Housing provides on-campus accommodations for UL Lafayette students. It is important for your student to abide by departmental and University rules and regulations. Being familiar with the Housing Handbook, before they move into their residence hall, is the best way to start the school year off right!

Housing Move-In is taking place August 18-20, 2022 by appointment only.

Students can find their housing assignments, roommate information, and their assigned move-in date and time in the StarRez Housing portal by doing the following:

1. Log into ULink.
2. Click on the "Campus Services" tab.
3. Click "StarRez Housing Portal."
4. Click "Continue" for the Academic Year 2022-2023 housing application.
5. The Housing Status page will open next. This page will list your student’s assignment information.

Housing assignments were also emailed to each student’s University email address.
Encourage your student to reach out to their roommate to get acquainted, plan room décor, and decide who will bring what supplies to help cut costs and save space. Students will need to make sure that their first full payment for housing and meals is made prior to the University’s deadline for tuition and fees (August 22, 2022).

Be sure to follow the UL Lafayette University Housing Facebook page for helpful tips and updates!

**IMPORTANT DETAILS ABOUT HOUSING MOVE-IN**

- A **specific check-in date and time** has been posted to each resident’s StarRez Housing Portal. Failure to follow the specific date and time will result in waiting long periods of time in the August heat.
- All residents and non-residents are encouraged to wear a facial covering for the duration of the move-in process. Residents will also be encouraged to wear a facial covering any time they are outside of their residence hall room or apartment.
- Only two people are allowed at a time in the elevators.
- To help with social distancing, stairwells and side entrances will be open for move-in.
- The University will have large bins on rollers to put personal items in to help the process. However, we suggest bringing a dolly and/or collapsible cart to help get items to the rooms.
- Vehicles will be allowed in unloading zones near the residence halls for **20 minutes only**. After 20 minutes has passed, vehicles must relocate to a designated parking lot.

Be sure to review the [Move-In Central Website](#) for additional information about the move-in process, packing lists, decorating guidelines, and more!
DINING SERVICES

Whether your student is living on- or off-campus, they won’t go hungry while they’re here! The Dining Services staff works hard to ensure that your student has access to tasty and healthy meals throughout their busy schedule.

Be sure to follow Dining Services on Facebook, Twitter, and Instagram for regular updates, information, raffles, and more! Daily menus for Cypress Lake Dining Room can be viewed on the Bite by Sodexo app.

Meal Plans

Meal plans are divided into two components: meal swipes and declining balance. The components of your student’s meal plan will be loaded onto their Cajun Card. Meal plans for the Fall 2022 semester will begin on August 18, 2022.

Meal Swipes can be used at Cypress Lake Dining Room, Lagniappe Café, and Cafe Fleur de Lis. Declining Balance can be used at any location operated by UL Lafayette Dining Services.

Students can select a meal plan or see their selected meal plan for the upcoming semester in the StarRez Housing Portal. Meal plans are financially beneficial and are huge timesavers for students with busy schedules across campus.

Dining Locations

**Student Union:**
- Cypress Lake Dining Room
- The Brew (proudly serves Starbucks coffee)
- McAlister's Deli
- Lagniappe Cafe
